He Doesn't Share With Hannegan

Question Pauley, Truman's Nominee For Undersecretary Of the Navy

By Jack Bell

WASHINGTON, Feb. 19—(AP)—Edwin W. Pauley said today that neither Postmaster General Hannegan nor any other government official shares in his extensive oil and other financial holdings.

President Truman's nominee for undersecretary of the navy told the Senate Naval committee, under questioning by Senator Tobey (R-NH), that he once discussed a possible investment by Hannegan in a California oil venture but it never materialized.

Tobey's questioning along this line caused Chairman Walsh (D-Mass.) to halt Pauley's answers until Tobey explained, under Walsh's prompting, that he expected to show that officials financially interested in Pauley's enterprises were backing his nomination.

Pauley said he had "talked casually" with Hannegan, Democratic national committee chairman, about investing in some California acreage if a well Pauley then was drilling showed the oil structure running in the direction of the land in question.

Matter Dropped

When the structure was found to run in another direction, Pauley said, the matter was dropped. He could not remember the date, he said.

Senator Robertson (R-Wyo.) said it appeared to him that Pauley was offering Hannegan a chance to invest if the test well proved out.

Pauley replied that he had offered Hannegan and other unnamed friends "a run for their money," adding that there was risk involved in any event.

Tobey asked whether such offers had been made to any other officials. When Pauley said no, Tobey commented that apparently Hannegan stood alone in this category.

Resents Implications

"I don't think that's a very fair statement," Pauley said. "Your implication that Mr. Hannegan was singled out is not true. I resent any implication of that kind."

"Go ahead and resent it," Tobey replied, adding that he was on the trail of "oil that permeats the halls of legislatures, that permeats Congress."

"It also is one of the most essential ingredients of modern warfare and we couldn't have won the war without it," Pauley replied.

Tobey said he agreed, adding:

"Oil is ammunition, but along with that slogan goes the cautionary phrase, 'use it wisely.' That applies to politics and to public life."

Hold Three for Investigation

LEXINGTON, Mo., Feb. 19.—(AP)—Three men were held in the Lafayette county jail for investigation today, after State Highway patrolmen said a search of their automobile revealed a large quantity of firearms, jewelry and sporting goods.

Captain O. L. Viets of the Highway Patrol, said eleven pistols and revolvers, 98 gold and diamond rings, 38 pocket and wrist watches, two movie cameras and leather goods were found in the trio's car, a 1940 sedan bearing Illinois license plates.

Patrolman Dick Gehrig made the arrest late yesterday on U. S. Highway No. 40, six miles south of Higginsville. Tags on some articles found in the car, Viets said, were marked "Dave Cook Sporting Goods company, 1601 Larimer street, Denver, Colo."

Denver police reported burglars had cut their way through the ceiling of the Dave Cook Sporting Goods company Sunday night and taken rings, fountain pens, guns and sporting equipment valued at $5,725.

Viets said no charges had been filed against the men, who said they live in St. Louis.

Perish of Hunger

NUERNBERG, Feb. -9.—(AP)—Soviet prosecutors told the international military tribunal today that 632,253 residents of Leningrad perished of hunger during the 900-day siege of Russia's second largest city by the German army.

An additional 16,747 were reported slain and more than 33,000 wounded by artillery fire and air bombardment. At the height of the siege, the daily ration of bread—the only available food—dropped to about a fifth of an ounce, the Russians said.

Hereford Show Today, Sale On Wednesday

Annual Banquet, Election of Officers Tonight

The Missouri Hereford Cattle Breeders' association today is conducting its annual spring show and Wednesday will hold a sale in the Donnell building at the Missouri State Fair grounds. More than two hundred and fifty persons were in attendance at the show this afternoon.

Seventy-four head of cattle have been entered and this live stock will be subject to the auction sale. There are a large number of Hereford breeders from out of the state present today and are expected to be buyers Wednesday.

The listing shows twenty-nine bulls and forty-five cows. The sale will begin at 1 o'clock in the afternoon.

Cattle being shown today are exceptionally fine and consist of some of the best entries shown at the state fair grounds in several years that the show and sale have been conducted there.

Judges

Judging is being conducted by Prof. James E. Comfort of the College of Agriculture, University of Missouri, in place of Prof. E. A. Trowbridge, who became suddenly ill. Larry Miller of the American Hereford Record association, is associate judge.

L. A. Weaver, secretary-treasurer of the Missouri association, is acting as manager of the show and sale. Glen Davis, department of agriculture, Jefferson City, is superintendent. The auctioneers will be Col. A. W. Thompson of Lincoln, Neb., and Col. Bill Hagel of Springfield, Mo.

At 7 o'clock tonight the annual dinner will be held at the Bothwell hotel and all breeders are requested to be present. Election of officers is to be held.

Harold P. Dunn, president, will preside over the banquet.

Relief Grants Are Reduced

JEFFERSON CITY, Feb. 19.—(AP)—Effective March 1, payment of general relief in Missouri will be reduced to 55 per cent of the estimated adequate needs of distressed persons, Proctor N. Carter, state social security director, said today.

Carter said the reduction was made necessary because of the limited amount the legislature appropriated for general relief. The commission is now paying general relief on a basis of 65 per cent of an individual's need.

The legislature appropriated $2,275,000 for general relief payments for the period July 1, 1945, to June 30, 1946, compared with a commission request for $4,903,126, considered sufficient to pay full relief grants for the year, Carter said.

He reported a total of $754,000 remaining in the general relief fund, permitting payments of $188,500 per month for the next four months.

Relief payments for February are estimated at $230,000.

"It is deplorable that further reductions must be made in relief grants at this time," Carter said.

I. H. Reed to Confer With RFC Representatives in St. Louis

I. H. Reed, president of the Sedalia Chamber of Commerce, went to St. Louis today to confer with representatives of the Reconstruction Finance Corporation with reference to the construction of a factory in Sedalia for the Home Building company. He will return Wednesday night.

Gen. MacArthur Replies to Letter From Syracuse Minister

A letter of advocation, bearing the signature of Gen. Douglas MacArthur, has been received by the Rev. M. C. Ballenger, pastor of the Syracuse Baptist church, in reply to a query concerning MacArthur's opinion of Syracuse's Memorial Missionary fund.

It was voted January 27 to send a missionary to Japan in memory of the World War II dead of the community. The amount pledged to date is $1,032.

A copy of MacArthur's letter is as follows:

"Office of the Supreme Commander for the Allied Powers
Tokyo, Japan,
31 January, 1946

"Dear Mr. Ballenger:

"It was with a sense of gratification that I received your letter of January 3 and learned therefrom of the noble work to be undertaken by the little parish of which you are pastor at Syracuse, Missouri, in honor of Harlan B. Neale and his townsmates who died in our country's service during the past war. I can think of no more resplendent monument to their memory than that which could be erected through provision for furthering the propogation among the Japanese people of the enlightened principles which keynote our Christian faith.

"The members of your parish may count fully on my support in the implementation of their high purpose. It is in just such small communities as theirs, dedicated to the glory of God and the furtherance of our national destiny, that our country finds the very roots to its great moral strength.

"Faithfully yours,
"Douglas MacArthur."

Mob of Indians In Bombay Burn US Flag

American Consulate Awaits Order to File Official Protest

BOMBAY, Feb. 19—(AP)—A mob of Indians, including a number wearing the uniform of the Royal Indian navy, today tore the United States flag from the U. S. information service office here and burned the flag in the street.

Walter D. Shackleton, in charge of the office, said he had informed the American consulate and Ralph Block, principal public affairs officer of the U. S. I. S. at New Delhi, and that he was awaiting instructions concerning filing an official protest to the Indian and British governments.

> American reporters who approached the group received an unfriendly reception. A spokesman said: "This is not an anti-American demonstration, it is anti-British, but the Americans should quit India, too. What right have you here when you are not Indian."
>
> Then other demonstrators shouldered into the group and said: "Don't mind these fellows; they are just excited and don't mean that, but you be wise and stay away till they quiet down."

Shackleton said that about 300 demonstrators who were marching in the street suddenly swarmed up to the U. S. I. S. office where the United States flag flew from a pole just over the door of the agency's library.

"One man climbed onto the shoulders of another man and tore down the flag," he said.

"They ran around the corner with the flag and when they failed in their efforts to set it afire with matches they obtained a newspaper, lit the paper and used this as a torch to burn the flag," Shackleton said.

He said an unidentified American sergeant, who had a jeep parked near the U. S. I. S. headquarters, was hit on the shoulder with a shovel and clubs in the hands of some members of the mob, but he leaped into the vehicle and escaped, apparently without serious injury.

The mob stormed down Hornby road, stopping military trucks and other vehicles. Some of the demonstrators attacked several British and Indian officers with clubs, the British army public relations office said. The crowd carried congress party flags and shouted slogans.

Find Child's Arms

CHICAGO, Feb. 19.—(AP)—The arms from the body of a young girl believed to be Suzanne Degnan, 6, kidnaped, killed and dismembered on January 7, were found today in a manhole three blocks from the Degnan home.

Harlan's Chair Collapses

Sam P. Harlan, lawyer, is suffering from bruises on his left arm, and a black and blue spot on his head, the result of a fall in his office Monday, when a swivel chair, in which he was sitting collapsed.

Harlan was talking to a client, who arose to leave the office. About that time one leg came off the chair, it fell backward toward a concrete abutment on the window sill, Harlan's head struck the concrete, raising a large bump, which later disappeared, but left a black and blue spot.

Suspect 22 Of Treason

WASHINGTON, Feb. 19.—(AP)—Attorney General Tom Clark disclosed today that Justice department investigators in Europe are on the trail of 22 Americans suspected of wartime treason.

Clark told a reporter he plans to send a special emissary to speed the collection of evidence against these suspects and six others already indicted for treason.

Timothy A. McInerny, the Department's director of public information, will fly to Europe and make asurvey of the investigations under way in Germany and other former Nazi-dominated countries.

McInerny, a former Lieutenant Colonel on Gen. Dwight D. Eisenhower's staff, will work with army intelligence.

Clark said the justice department "is determined to bring every single American who played the axis game swiftly to trial. No effort will be spared because we must show the world that we are not sloppy sentimentalists where the crime of high treason is concerned.

"As soon as evidence has been obtained," he added, "each of the suspects will be returned to the District of Columbia to face a United States tribunal."

Killed in Auto Accident

DONIPHAN, Mo., Feb. 19.—(AP)—Mrs. Emma Ward, 30, daughter of Mr. and Mrs. J. Richmond, of Doniphan, was instantly killed early today in an automobile accident near Galena, Kas., the parents learned. Two brothers with Mrs. Ward were uninjured. They left Doniphan last night for California. The body will be returned here for burial.

Vote Increase In Pay To The City Officials

Ordinance Gets Approval—More Lights Proposed

The City Council Monday night, by the unanimous vote of the six members present, passed an ordinance raising the salaries of the elective officers. Absent from the meeting were Virgil Herrick, fourth ward, who is in the service, and Gil Sublett, first ward.

The salaries, which will become effective about April 15, will be:

Mayor, from $1200 to $2400 annually.

Chief of Police, from $1980 to 3180 annually, with fees allowable.

Collector, from $1500 to $2100 and fees allowable.

Assessor, from $1080 to $1500.

Treasurer, from $200 to $360.

Police Judge, from $720 to $1200 and fees allowable

City attorney, from $600 to $1200.

Aldermen from $200 to $600.

Judges and clerks of election increased from $3.00 to $5.00 a day, in elections where the city alone is involved.

Propose Street Widening

An ordinance, read for the first time, provides for widening Kentucky avenue, from Second to Fourth streets, making it approximately 45 feet wide. It now varies from 30 to 35 feet.

John Taylor, third ward, who at the last meeting moved an ordinance be drawn providing for street lights on highway 50, in East Sedalia, as well as at other locations in the city, made a motion for more lights Monday night. He asked for an ordinance providing for lights at: Ninth and Hancock, Fourteenth and Arlington, Fifteenth and Arlington, Eleventh and Thompson, Seventh and Madison, to which he added Tenth and Harrison, Fourteenth and Quincy, Fourteenth and Park, Twelfth and Sneed, Twelfth and Park, Twelfth and Grand and Twelfth and Stewart, recommended by Leo Eickhoff, fourth ward; Thirteenth and Summit and blinker warning lights at Sixteenth and Grand and Twelfth and Marshall, asked for the Chief of Police Anson Finnell, and at Chesnut and Hill, recommended by Walter Smethers.

Asks For New Police Car

Chief Finnell also asked for a new police car, stating one that has been in service for three years is becoming very costly to keep in repair. The matter was referred by Mayor Wilks to the police committee.

Richard Keenan, second ward, brought up a motion he said he had made about a year ago, and moved again that the city appropriate one-half the money for an X-ray for the City hospital, No. 2, the hospital board to provide the other half of the money.

Harold Walker, in business in the one hundred block on West Main street, read a petition, which he said was signed by 95 per cent of the business firms in the block, asking the council not to issue a liquor license to any new location in the block. It was their opinion there are enough liquor places in the block, and their request was not to permit any one to locate such a store at any location other than now occupied by that business.

A petition signed by ten property owners living near Broadway and Ingram requested the Missouri Public Service Company to do something about the spray at their plant, which they state falls on the sidewalk, blocks visibility, falls on clothes hanging on lines. Alderman Taylor moved this matter be referred to the proper authorities for action.

Billy Williams was granted a license to sell liquor by the drink or package at 117 West Main street.

Leo Eickhoff, making an announcement as finance chairman, reported a balance of $120,000 in the treasury.

To Consider Bus Fares

It was announced there would be a public hearing with reference to an application filed by Mrs. Mary Seigel to increase bus fares from five to ten cents. On motion of Taylor the mayor appointed a committee to meet with Mrs. Seigel and her attorney and go into the matter further. Mayor Wilks named Taylor, Ira Knox and Frank Middleton members of the committee.

An ordinance, providing for control and inspection of frozen custards business concerns, was held over for two weeks. This action was taken because, Mayor Wilks announced, Scott Johnson, of the State Public Health department will be in Sedalia at 7:00 o'clock Tuesday night to meet with the operators of the frozen custard concerns, and any others interested, for a public hearing on the proposition.

Judgment funding bonds, to the amount of $3000 paid off, were burned.

BULLETIN

WASHINGTON, Feb. 19—(AP) — Secretary of State Byrnes declared flatly today that as far as he knows the know-how of atom bomb production remains exclusively in the hands of the United States.

Wm Ilgenfritz, Roy Snyder Have Resigned

No Successors Yet Named to War Price, Ration Board

William M. Ilgenfritz, the vice chairman of the War Price and Ration Board, has tendered his resignation to J. G. Callaway, director of the Kansas City region. Roy Snyder, who has been chairman of the Price Panel, has also tendered his resignaiton. Acceptance of the resignations will be made at Kansas City, C. P. Short, field representative, said this morning.

Mr. Ilgenfritz has been in charge of the local board since June 4, 1945, at which time his appointment as vice chairman was announced. No chairman has been appointed since the resignation of E. F. Hausam, Jr., nearly a year ago.

"I contemplate running for office this year and in doing so I would not be permitted to hold such an appointment. Therefore I mailed my resignation to Mr. Callaway Monday," Mr. Ilgenfritz stated. Mr. Ilgenfritz declined to say just what political office he would seek, although at the present time he is city attorney and had indicated sometime ago he might seek the office of prosecuting attorney on the epublican ticket.

No Successors Named

Mr. Snyder was out of the city this morning and could not be reached for a statement. However, Mr. Ilgenfritz said the circuit court docket has been so heavy during the past few terms, that it was impossible to do justice to both his work and the position as head of the price panel.

Mr. Short in discussing the resignations, said before any appointments are announced an endeavor would be made by the Kansas City office to ascertain who would be the most acceptable to the public. As yet no recommendations had been made.

Ask Henry Ford II To Give His Views On Pricing of Cars

GOP Representative Said OPA Had Tried To 'Browbeat Ford' In Public Statement

WASHINGTON, Feb. 19—(AP) — The House Banking committee today invited Henry Ford, II, to appear personally for a presentation of his side of an argument with OPA on the pricing of new automobiles.

Chairman Spence (D-Ky announced Ford would be called, after Representative Crawford (R-Mich) vigorously objected to an attack he said OPA had made upon young Ford, now directing head of the Ford Motor company.

Rep. Buffett (R-Neb) said that the OPA had attempted "to browbeat Mr. Ford," in public statements and challenged its authority to do so.

Chester Bowles, OPA chief and newly appointed economic stabilizer shot back that he knew nothing in the law to prevent OPA from "correcting false or misleading statements."

Bowles Testifies

Bowles, witness before the committee at the time on legislation to prolong OPA's life, had just testified that the Ford company last summer requested a 55 per cent increase for new cars over the pre-war price of Ford automobiles.

"This was an outrageous increase to ask, much less to allow," Bowles said. "I have no idea what Ford would ask if there was no price control."

Representative Patman (D-Tex) asked Bowles for a statement on young Ford's reported accusation that OPA was holding up production of automobiles, by its princing policy. Patman said young Ford had stated his company was losing $300 on each automobile produced.

Price Not in Line

Bowles told the committee "I don't think the request (for a price increase) is in line with the tradition of the Ford company. I am sorry young Ford seems to have departed from the tradition." He explained that heretofore the Ford company had been a leader in high wages and low prices.

The administration's drive to give OPA an unchallenged lease on life dumped into potential trouble today—a Republican plan to write a definite formula for junking ceilings.

As a spokesman for the agency told the house banking committee that all controls excepts rents probably can be eliminated next year, Rep. Wolcott (Mich) ranking committee Republican, said he favors a system that would provide for gradual but forced OPA liquidation.

This could be accomplished, Wolcott told reporters, by an amendment requiring removal of price ceilings in each industry when it is found that production has reached 75 per cent of normal output.

Strike Briefs

By The Associated Press

MEMPHIS, Tenn., Feb. 19—(AP)—Joseph A. Beirne, president of the National Federation of Telephone Workers, announced shortly after noon today that in his opinion there would be a strike vote taken at the afternoon session of the policy-mapping assembly.

"Leaders of the large groups of workers from all sections of the country," the youthful New Jersey Irishman said, "made strong representations in favor of a complete nation-wide walkout in the morning session."

PHILADELPHIA, Feb. 19—(AP)—U. S. Conciliator Peter J. Manno announced settlement today of a strike of 1,000 American Telephone & Telegraph Co. workers here which prompted threats of a nationwide phone tieup.

Manno said the company and representatives of the federation of long lines telephone workers (Ind.) reached an agreement after 12 hours of negotiations.

J. E. Dingman, supervisor of employe relations for the company said A. T. & T. has promised to investigate the promotion of three employes who the union said were given better jobs without regard to seniority rights.

Nation's idle because of labor disputes approximately 1,050,000, lowest total in month as about 427,000 of 750,000 striking steelworkers go back to jobs.

Major Developments:

Steel—New contracts granting at least 18½ cents wage increase given to more than 55 per cent of 750,000 CIO steelworkers who were on strike four weeks; 99 contracts signed, with every basic steel plant signed up.

Shipbuilding — 18 cents an hour wage increase recommended for 450,000 workers in nation's shipbuilding industry by shipbuilding wage stabilization conference, but management opposes; proposal to Wage Stabilization Board for approval.

Farm Machinery — Wage boost of 18 cents an hour for 30,000 employes of International Harvester company employes in 10 plants, on strike since January 21, recommended by federal fact-finding board.

Automotive—Federal mediator continues efforts to settle 91-day-old General Motors strike, but no indications of quick settlement of dispute involving wages and security between corporation and CIO United Auto Workers.

Transit — Union and management plan conference arranged by federal conciliator to end two weeks old strike of 220 AFL bus and trolly workers of Conestoga Transportation company in Lancaster, Pa., over wage demands; AFL's general strike described as not effective.

Wallace States Truman Will Run

CLEVELAND, Feb. 19.—(AP)—Secretary of Commerce Henry A. Wallace today said he expected that Mr. Truman "is going to run" for President in 1948, and indicated he would not again be a vice presidential candidate because it would be "necessary to have some one from another part of the country."

Asked at a press conference whether he might be a candidate if Mr. Truman was not, Wallace replied: "But Truman is going to run."

FCS Settles Many Strikes and Lockouts

WASHINGTON, Feb. 19—(AP)—Edgar L. Warren, chief of the federal conciliation service, reported today his agency settled 174 strikes and lockouts last month and helped settle 358 disputes in which strikes were threatened.

In addition, Warren said, federal conciliators settled 553 other disputes before the labor-management differences reached a strike vote.

The Daily Washington

Merry-Go-Round

by Drew Pearson

WASHINGTON, Feb. 19—Lumber price ceilings topped the agenda of the president's conference the other day with his old friend Governor Mon Wallgren at Washington.

However, Wallgren also took accasion to invite Truman to spend a vacation this summer in the northwest aboard the presidential yacht.

"The people of my state would be delighted to have you as a guest, and you can also take a trip up to Alaska on the Williamsburg," Wallgren told him.

Truman accepted tentatively, saying he would go if he could possibly make it.

Wallgren's main business, however, was to strongly urge an increase in the price ceilings on lumber. He maintained that this was necessary in order to increase lumber output for the housing program.

"We are facing a serious job crisis in our lumber mills, Harry," said the Washington governor. "We have a model unemployment compensation law in my state, but many unemployed workmen are swiftly using up the 26 weeks they are entitled to draw as compensation. Both from the labor standpoint and the housing shortage, inventories in our mills must be built up as quickly as possible."

Idle War Plants

Governor Wallgren also urged the sale of government-owned light metal plants, now idle in his area, to private operators as another means of increasing employment. Two idle plants in question are the aluminum rolling mill and the aluminum ingot companies at Spokane, operated by ALCOA during the war. Henry Kaiser wants to buy the former for the production of aluminum-built automobiles and pre-fabricated housing.

Wallgren told Truman that the lumber situation has been aggravated by a neat little device of certain big timber outfits, including the Weyerhauser interests, which, calculated or otherwise, has been stiffling competition. Under the Washington constitution, the state government must sell timber to the highest bidder, but some big outfits have been bidding over the price ceilings. This causes all bids to be thrown out.

The president said he would talk to the RFC about the plants, but suggested that Wallgren thrash out his lumber price problems with price control boss Chester Bowles.

Teapot Dome Sleuth

Harold Ickes, chief protector of the nation's oil, is now out of the picture but, although most people don't know it, the Truman cabinet contains a member responsible for digging out the biggest oil scandal of the century—Teapot Dome. He is secretary of agriculture Clinton Anderson.

Anderson was once a reporter on the Albuquerque, N. M., Journal. His publisher, the late Carl Magee, had led a battle against the forestry and public lands policies of President Harding's secretary of the interior, Albert Fall. Cattle, not oil, was the original motive behind his crusade, due to the fact that cattlemen were being granted the use of state lands for grazing at a ridiculously low rate.

The Journal, therefore, was on the lookout for information about Fall, whose home was a large ranch at Three Rivers, N. M.

One day an old cowboy rode to the Albuquerque Journal offices and asked to talk to Anderson. He had quit the Fall ranch just a few days earlier and gave Anderson an earful about its operations. The future secretary of agriculture listened, but was beginning to think he was wasting his time when the cowboy mentioned that Fall had just received a new stallion worth about $25,000.

Some people would have passed this by. But Anderson was smart enough to recall that Carl Magee, after a visit to the Fall ranch some months earlier, had noted that Fall appeared to be in moderate circumstances. So Anderson went to Magee, asked if he knew any reason why Fall should spend $25,000 for a stallion just a few months after becoming secretary of the interior, and then sent a wire to the Chicago Tribune, which put sleuths to work in Washington. The Tribune reported that the stallion was a gift to Fall from publisher Edward D. McLean.

Anderson, however, remained skeptical and arranged for some further checking. A reporter who cultivated the freight agent at Three Rivers, N. M., got a chance to look over recent freight receipts, which showed that Fall's new $25,000 stallion had come, $1,633 prepaid, from the Rancocas racing stables in New Jersey. These stables are owned by Harry F. Sinclair.

Carl Magee placed this information before the late Senator Thomas J. Walsh of Montana, who then started the famous senate investigation of the entire Teapot Dome oil scandal.

Harry Hopkins Probe

Harry Hopkins didn't know it, but just before his death there was a move to inject him into the Pearl Harbor probe.

Certain influential Republicans approached Representative Bertrand Gearhart of California, alleging that Hopkins had diverted 200 planes, slated to be shipped to Pearl Harbor, to Great Britain just before the Jap attack.

"In view of our weakened defenses in the Pacific, this Hopkins deal should get a thorough investigation," Gearhart's colleagues told him. "Those planes might have turned the tide at Pearl Harbor."

However, the Californian flatly rejected the proposal.

"It smacks too much of playing politics," he declared. "Maybe you can get someone else to carry the ball on this, but I'm not going to make any accusations against Harry Hopkins."

Note — If is is true that Hopkins did divert the planes to England, at least they were not destroyed on the ground as were all other planes at Hickam Field which were caught lined up in near rows, when the Japs attacked.

Butter Black Market

The office of international trade, now under the commerce department, is planning to ask U. S. customs officials to investigate some strange shenanigans in the re-sale of butter this country has been exporting to Mexico.

Despite the serious butter shortage, which has caused the American housewife to turn to substitutes and jam for her table, we sent 5,500 pounds of butter to Mexico in the last quarter of 1945.

Some of this is now winding up at Tia Juana, the Mexican resort town across the border from San Diego, where the butter is being sold to American tourists for the fabulous price of $1.25 a pound.

Under export price ceilings, enforced by the OPA and the department of commerce, this same butter was sold to Mexican dealers at from 47 to 49 cents a pound. The price varies a couple of cents a pound, depending on the type of packaging.

In other words, we are now buying back American-made butter from Mexico for triple the price Mexican dairy dealers are paying us for it. Commerce department officials can only guess how much smuggled butter may be involved in this cross-border black market, but the customs office will be asked to make a thorough probe.

Note — Mexico is also one of our biggest purchasers of exported nylon stockings. Out of a total of 9,110 dozen pairs of nylons exported in November — the last monthly figures available — Mexico bought 5,010 dozen pairs.. Cuba received 2,603 dozen pairs.

LOOK OUT FOR PIN-WORMS

Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living inside the human body, can cause real distress.

So watch out for the warning signs that may mean Pin-Worms—especially the aggravating rectal itch. Get JAYNE'S P-W and follow the directions.

P-W is the Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms.

Ask your druggist: P-W for Pin-Worms!

We endeavor to meet the three essentials—Honest Merchandise, Efficient Service, Honest Prices.

"Murder!" They Cried

XVI

I LOOKED at the clock in the upper hall and was surprised that it was only 9 o'clock. The time for the parade to form, I thought. Somehow I couldn't comprehend its taking place with everything here in this house so different from what had been planned yesterday, and yet it was only life here at Cliff's Edge that had changed.

Dr. Bertolette stopped off at the second floor to see my Miss Jenny and I went down the back stairs to the kitchen to see how cook and the girls were reacting. I was just in time to hear Sarah say, "And after that, bee-leeve me, I wasn't a bit surprised. There wasn't a one in this house . . ." She stopped, and I said, "Go ahead, Sarah, finish what you were saying."

"It wasn't nothing, Miss Harrold," she said. I told them not to do the rooms on the third floor and that if they wanted to take the day off, as had been promised them, they should go ahead and I could manage the meals for the family, but the three of them declined. The excitement in town, I suppose, wouldn't hold a candle to what was happening in the house.

I got back to the living room just as Dr. Bertolette came down the stairs. He took me by the arms and looked at me carefully. He said, "You'll do, Nana. And Jenny is holding up pretty well, but watch Betsy. She seems to be in a state of suppressed excitement that is, I think, worse than shock."

Before he had a chance to say any more, Jeffrey Hazlett came in. This is Jeffrey's first year as district attorney and he was more nervous than any of us. His parents are close friends of Stephen and Jenny Willson. There were two men with him, one a bulky package of a man, about 60, with a great shock of white hair, and the other one was a little gray man who made me think of a squirrel because of the way his eyes darted from one thing to another, storing up everything in the room.

* * *

WE went into the library where Mr. Willson, Fletch and Uncle Andrew were sitting with Smith, the coroner.

"I'm mighty sorry about this, Fletch," Jeffrey Hazlett said. "I'll try to make the whole thing as brief as possible, and no more unpleasant than absolutely necessary."

I saw the little man radio a message with his eyes to the big man. It said as plainly as anything, "These people are his kind," and I knew what it meant. There had been much opposition to Jeffrey Hazlett's being district attorney because of the silver spoon adage that had been tacked to him by the other political party, and I realized that these men felt that here was something that would be covered up and for that reason they were already antagonistic. Jeffrey went on to explain that these men were the county detectives. The big one was Straub and the little squirrel was Zern.

Coroner Smith told his story concisely and Jeffrey interrupted only once to say to Fletch, "You shouldn't have moved her, Fletch. I can understand your doing it, but it makes it rather bad."

When Smith had finished, Jeffrey asked, "Haven't you any idea where Phillipa went yesterday, Fletch?"

* * *

FLETCH simply shook his head and Jeffrey turned to the rest of us. I looked at Uncle Andrew and he looked at Mr. Willson, and Mr. Willson said, "None of us know where she went yesterday, Jeffrey. My son saw her at 4 o'clock and no one saw her after that."

Zern interrupted, "She couldn't have laid there at the foot of that cliff before dark; somebody would have seen her, but she could have been dropped off after dark. Any idea, Smith, whether she might have been dead when she went over that cliff?"

Smith said, "No. I won't know that until Dr. MacDonald gets here."

Dr. Bertolette interrupted, "I'm certain she wasn't."

"We'll have to wait and see," Zern countered, and I thought it was time the subject was changed, so I said, "Fletcher wasn't the only one who saw her at 4." I saw Fletcher's frantic glance in my direction and I wanted to smack him. What did he think I was going to say? "I saw her, too, here in the library. I saw Fletcher leave about 15 minutes later, and I didn't see Phillipa again, but I did hear her go past my room on the way to her own room on the third floor some time after 5. And," I added, "she had changed. At 4 o'clock she was still in a riding habit. She had a pale blue linen dress on when we found her."

Zern just grunted, and Mr. Willson said, "We looked for her at dinner-time but both she and her car were gone."

"Is her car here now?" Zern demanded.

Uncle Andrew answered, "No. It wasn't in the garage when I went to get Hendricks and the station wagon."

Jeffrey said, "So it's quite possible that she was held up and then her body dropped over the cliff."

Zern looked at Straub and Straub at Zern. They both had I-told-you-so expressions. "Nice idea," Straub said. He had been watching Mr. Willson with kind of a troubled expression for some time, and now he spoke directly to him. "I'm surprised nobody has suggested she might have jumped off that cliff."

I sat back weakly. Why hadn't we thought of that!

A. V. Burrowes In Press Talk

KANSAS CITY, Feb. 19—(AP)—Use of circulation departments to poll newspaper reader interest was urged Monday by Arthur V. Burrowes, editor of the St. Joseph News-Press, in an address before the final session of the Midwest Circulation Managers Association convention.

"More and more editors," Burrowes said, "have come to see the desirability of closer relations between editorial and circulation departments."

Earlier today James N. Shryock of Chicago, managing director of the audit bureau of circulation, told the Association delegates that a free press depends almost entirely on a clear understanding by all people of what it is and how greatly its merits entitle it to public preference and good will.

Another speaker was James F. Jae of the St. Louis Globe-Democrat.

Officers elected at the close of the two-day 31st annual convention were:

John Zoller, Tulsa World-Tribune, president; Frank Long, Wichita Eagle, first vice-president; C. B. Cleaver, St. Louis Star-Times, second vice-president; R. W. Wohlford, Topeka Daily Capital and State Journal, re-elected secretary-treasurer; W. D. Tetrick, Jefferson City News -Tribune, re-elected sergeant-at-arms. P. F. Johnson, Lincoln, Nebra., Star., Retiring president, was elected president of the association's board of directors.

Two Divorces Granted

Decrees of divorce were granted Monday afternoon by Circuit Court Judge Dimmitt Hoffman to Helen C. Moore from Edgar E. Moore, and to Gwendolyn T. Elmore from Nelson A. Elmore. The plaintiff in the latter case was awarded restoration of her maiden name, Gwenloyn T. Clingan. Fred F. Wesner represented both plaintiffs.

Was In Technical Training Class

Dorothy Youngkamp, Kansas City, spent the week-end with her mother, Mrs. Margaret Youngkamp, and family near Beaman, Mo.

Miss Youngkamp has just returned to Kansas City after attending six week basic and technical class conducted by the Social Security Board in Baltimore, Md. The twenty employees of the Social Security Board which attended this class represented approximately 15 different states.

Miss Youngkamp, who works in the capacity of an assistant claims clerk in the Social Security Office in Kansas City, represented her office in this class.

While in the East, Miss Youngkamp visited many places of interest in New York City, N. Y., Philadelphia, Pa., Camden, N. J., Arlington, W. Va., and Washington D. C. Where she had the opportunity of hearing congress in session.

Enroute to Baltimore she spent a short time visiting in Chicago.

Social Events

Dr. W. E. Pearl, one of Sedalia's well-known dentists, spoke Monday afternoon at Sorosis on "Socialized Dentistry" which is now being considered in congress and which has the approval of President Harry S. Truman, the A. F. of L. and the C. I. O. With such backing, Dr. Pearl said, we are certain to have socialized dentistry.

The bill, which is known as the Murray-Wagner-Dingle bill, is now before congress, Dr. Pearl said, but it is being kicked around at this time and in what form it will eventually come out is hard to tell. According to the present bill there will be a tax of 4 per cent on all wages with the employer paying 4 per cent for hospitalization, medical care and limited dentistry. Additional dentistry will be by permit from the government. The dentists and physicians will sign up with the government for this work and will have to take whoever comes to them for treatment. It will not be compulsory to sign with the government, however, and dentists may practice independently if they so desire.

The way that the bill is now will make it purely political, he said, with young men wanting to study dentistry or medicine having to seek appointments for such schools through politicians, in the same manner that appointments to West Point are secured. Also, it will not offer much inducement to dentists to advance and will probably lower the standards of dentistry, he continued. However, it may work out well.

American dentistry and medicine today are the best in the world, Dr. Pearl said, and it has been through constant study and research by men in these professions that has made this true.

Dentistry goes back to pre-historic man, the speaker said. His methods were crude but he did have a form of dentistry. All through the ages records of various forms of dentistry have been left. The ancient Romans wired teeth in making the teeth of gold but when a person died all of the gold from the teeth was removed before burial. "We are not that thrifty," Dr. Pearl said. "There are millions of dollars of gold buried in our cemeteries."

All surgery and dentistry was delegated to the barber at one time but now both are branches of medicine.

William Dingley was the first dentist to come to America, coming over with the Pilgrims. He was killed while going on a call to cure a toothache. Paul Revere was also one of the early dentists in this country. The first dental college in the world was established at Baltimore, in 1840.

Advancement in dentistry the past number of years has been great, the speaker said. One of the most outstanding advancements being the plastic plates which are now used instead of the rubber. They not only look much better but they taste better.

Dr. Pearl was introduced by Miss Etta Hurley, chairman of the civics department, who also announced the program for next week. The subject will be "Panel on Civic Needs" with Mrs. J. C. Connor as chairman, Mrs. Hugh Janes and Dr. Heber U. Hunt as speakers.

Mrs. D. S. Lamm, vice president presided over the meeting Monday in place of Mrs. Austin Hurley, president, who is out of town.

Max Steindel And Symphony Offer Program Of Elegance

Miss Jewel Mais, daughter of Mr. and Mrs. J. F. Mais, 1721 West Main street, and Eugene Leonard, son of Mr. and Mrs. G. V. Leonard of Tipton, were married at 2 p. m. February 14 by the Rev. Hallie Rice at his home, 1005 East Fifth street.

Attending the couple were Miss Dica Leonard, sister of the bridegroom and John J. Mais, brother of the bride.

Miss Mais, now Mrs. Leonard, was attired in a dress of powder blue with black accessories, while her attendant wore a gold colored suit with black acessories. White gardenias composed the corsages of both.

The bride, a graduate of Syracuse high school, has been employed in Kansas City the past three years.

The bridegroom received his military discharge December 30, 1945, after having been stationed in the South Pacific area the past three years — two years in the Solomon islands and one in the Philippines. He was awarded the Purple Heart, Bronze Star, Good Conduct Medal and Asiatic-Pacific theater ribbon with four campaign stars. Mr. Leonard attended the Latham high school and was employed at Tipton when he entered military service.

After the ceremony, the couple left for a short honeymoon and visit at the home of the bridegroom in Tipton, returning to Sedalia Sunday for a reception and dinner at the home of the bride's parents. Refreshments, including a three-tier wedding cake, were served in the afternoon to members of the immediate family.

Miss Vivian Riecke, eldest daughter of Clarence Riecke, of Ionia, and Harry Reyburn were married in Kansas City, Kas., February 7, and were visitors in the Riecke home Tuesday and Wednesday of last week.

Mr. Reyburn, serving with the merchant marines, has a 30-day furlough.

A concert of elegance and harmony and note, for those who heard it, requiring the embellishments of language, was presented by Abe Rosenthal and the Sedalia Symphony with Max Steindel, violincellist virtuoso as soloist, Monday night at the Smith-Cotton high school auditorium.

The rich tonal velure of the 'cello was beautifully expounded in the presentation of the guest artist who manifested his skill in diverse works, extending from an early Italian period to those of more recent composers, and including his own "Gavotte." Mr. Steindel, who is solo 'cellist of the St. Louis Symphony, returned to the stage after each of his two solo groups to play encores.

The typically Mozartian Overture to the opera, "The Magic Flute," first produced in 1791, was a brilliant introductory number on the program and the delineation was well-defined by Mr. Rosenthal and the orchestra. The strings were accurate in their effects and the brass picked up the theme with animation in the finale.

Embodying an alien's soulful analysis and his nineteenth century interpretation of the spirit of America, the Finale of Dvorak's Symphony No. 5 (From the New World) was an enthralling fabrication of structural masses and thematic echoes, forceful and charming. The orchestra strikingly effected the shadings of opulence and simplicity under the capable control of the conductor, sectional attack being unified and full orchestra being resplendent in its responsiveness.

Tuneful, Catchy Numbers

In different mood was the orchestral compilation of the hummable and whistleable melodies from Victor Herbert's musical comedies which included the ever popular and beloved "March of the Toys," "Absinthe Frappe," "Because You're You," "When You're Away," "I Can't Do that Sum," "I'm Falling in Love with Someone," "Gypsy Love Song," "Kiss Me Again," and "The Irish Have a Great Day Tonight." The musical shows thus represented were "Babes in Toyland," "It Happened in Nordland," "The Red Mill," "The Only Girl," "Naughty Marietta," "Fortune Teller," "Mile Modieste" and "Eileen," which struck a reminiscent note to many in the large audience.

A novelty, Morton Gould's "Hill Billy," and the descriptive and colorful "Old Creole Days" and "Mardi Gras" from Ferde Grofe's "Mississippi Suite" completed the orchestral part of the program, the suite closing the concert.

Mastery Of Bowing

The warm feeling of the artist for the solo instrument was immediately noted in Mr. Steindel's first number, "Sonata X" (Valentini), which comprised two movements, the first sombre and the second a frollicking allegro. Precision of fingering and supreme mastery of bowing were evident in his performance as he proceeded to the tranquil "Siciliana" from "Nina" (Pergolese) and the impassioned "Serenade" by Glazounov.

Even and thoughful accompaniments were played by Miss Dorothy Ziegler, a graduate of the Eastman School of Music, who has been with the St. Louis Symphony orchestra as principal trombonist for the last two seasons. Also a piano major she interspersses her orchestra work with accompanying and recitals. Miss Ziegler was a member of Leopold Stokowski's Youth Orchestra when it toured South America.

Following his first solo group Steindel, who has appeared in concert in the capitals of Europe and the leading cities of the United States, presented a Mozart waltz, "Deutscher Tanz."

Clear bell-like tones reverberated from the 'cello in "Prayer" by Bloch with which he began his second group. Steindel's own composition, "Gavotte," was sprightly with excellently executed harmonics. Popper's well known "Hungarian Rhapsody," which offers full range of artistry and technical facility was brilliantly achieved.

As an encore, the guest artist called on the orchestra for an unrehearsed but deftly done, accompaniment to "The Swan" (Le Cygne) by Saint-Saens. Steindel followed this 'cello poetry with McFayden's "Lullabye," a dreamy and poignant goodbye to the appreciative audience.

New Officers For Teen-Town

The senior Teen-town board met at 8 o'clock Monday night at the court house for the first time under the newly elected officers; President, Harry Brougher, Vice-President, F. T. Rucker, and Treasurer, Mrs. Sam Raskin. The post of secretary will be filled at the next meeting.

Three new members, A. B. Wade, Pinkney Miller, and Mary Beth Kesterson, were present.

Mrs. Everett White and Mrs. Lloyd Kennon were appointed on a committee headed by Mrs. A. J. Gregory, which will plan for a backward dance to be held on Washington's birthday, Feb. 22.

The junior board met at 7:30 under the supervision of Mr. Brougher. The same officers were retained by the junior board with Eddie Rogers as president, John Hurley, vice president, and Janet Quinn, secretary.

General improvements on Teen-town was the main topic of discussion of the junior board. A move that the board, which meets approximately once a month, meet more often was discussed also.

Church Pays Tribute to New Cardinals

St. Louisan One Of America's Most Famed Orators

VATICAN CITY, Feb. 19.—(AP)—The Roman Catholic church, with traditional pomp and ceremony, paid tribute today to 32 new cardinals who were raised to the purple yesterday at a precedent-setting consistory.

Congratulations poured in from all corners of the world to the new cardinals, who represent 19 nations and six continents and constitute the largest and most cosmopolitan group ever granted the church's second highest honor.

Many of the new cardinals said masses early this morning before resuming the series of ad calorem visits which will keep them busy for most of the day. Members of the College of Cardinals and diplomats accredited to the Vatican were among the thousands paying their respects to the new princes of the church.

Received Well-Wishers

The new United States cardinals, Francis Cardinal Spellman of New York, John Cardinal Glennon of St. Louis, Samuel Cardinal Stritch of Chicago and Edward Cardinal Mooney of Detroit, received well wishers at the Apostolic Chancery, where they were notified yesterday of their elevation.

For these official visits, Cardinals traditionally wear a cassock with a train of purple cloth tied with a violet silk tassel, a Zucchetto and violet biretta, and an Episcopal ring. Each is attended by a secretary, trainbearer, herald and valet.

The Cardinals will go to the Pauline chapel tomorrow to select birettas and rings, brought there by Msgr. Toraldo di Francia, keeper of the wardrobe. They will then proceed to the hall for benedictions, on the next floor, for the ceremony of the imposition of the birettas. One by one, the new cardinals will prostrate themselves before Pope Pius XII and kiss his foot. The Pope will then make a speech which will be broadcast by the Vatican radio.

William Marlin Returns Home

William Marlin, son of Mrs. Amy Marlin, 314 East Fifth street, received his discharge from Jefferson Barracks Sunday after 38 months service in the army with 28 months overseas. Marlin served in the chief engineers under General Moore as a staff sergeant. He spent a year in England and 16 months in Paris.

After receiving his discharge Mr. Marlin spent a day and a night in St. Louis visiting his sister, Mrs. John Murray and Mr. Murray.

He expects his English bride to arrive in the United States some time in April.

OBITUARIES

Funeral of James McMullin

Funeral services for James McMullin, 58 years old, who died at the Bothwell hospital Monday morning, were held at the Ewing funeral home at 2 o'clock this afternoon.

The Rev. Hallie Rice officiated. Mrs. W. L. Lewis sang "Abide With Me," "Sometime We'll Understand," and "In the Garden," accompanied by Mrs. Mae Moser.

Friends who served as pallbearers were William Luther, G. I. Wright, Frank Less, Martin Phillips, Clarence Oehrke, Enoch Payne.

Interment was in the Crown Hill cemetery.

Mrs. Emma B. Shull

Mrs. Emma Shull, 50 years old, died at the home of her brother, John Buckley, 619 North Stewart avenue, at 6.45 o'clock this morning.

Mrs. Shull was born at Sedalia July 26, 1895, the daughter of the late Daniel B. and Mary Jane Gult Bulkley. She has lived her entire life in and near Sedalia.

She was preceded in death by two sisters, one who died in infancy and another, Mrs. Mary England, who died in 1941. Mrs. Shull's mother, Mrs. Mary Buckley, died January 31, 1946.

Mrs. Shull was married at Sedalia August 20, 1927, to Hollie W. Shull, who survives. Also surviving are two brothers, John Buckley, at whose home she passed away, and Emmett Buckley, Sedalia; one sister, Mrs. Kate McPherson, Sedalia.

The body was taken to the Ewing funeral home. Funeral arrangements have not been completed.

Charles August Sluder

Charles August Sluder, aged 49 years, passed away early Monday afternoon at the home of his sister Mrs. Mary Baughman, four miles west of Florence. He succumbed to a stroke which occurred earlier in the day.

The deceased was born near Florence, November 16, 1896, the son of the late Steve and Minnie Sluder. On July 2, 1914, he was united in marriage to Lessie Houchen who survives him. Mr. Sluder was well known in the Florence community as a farmer. At the time of his passing, he was an active member of St. John's Evangelical and Reformed church of Florence, a member of the school board of Oakland school and a member of the order of Modern Woodman.

He is survived by his wife, two daughters, Marie and Angeline of the home, two sisters, Mrs. Mary Baughman of Florence and Mrs. Wesley Lewis, 605 East Eleventh street, Sedalia.

Funeral services will be held Wednesday at 2:00 p. m. at St. John's Evangelical and Reformed church, Florence, Rev. William C. Bessmer, officiating.

Pallbearers will be Walter Merk, Walter Semkin, George Grupe, Alfred Grupe, Elroy Munstermann and Ernest Rasa. The body was taken to the Stevenson and Rapp Funeral Home at Stover and today will be returned to the family home. Burial will take place in the Florence cemetery.

Donald F. Sutton

Funeral services for Donald F. Sutton, former Sedalian, who died while at work as a machinist at the Union Pacific shops in Omaha, Neb., Sunday morning, will be held at 2 o'clock Wednesday afternoon at the Gillespie funeral home, with Rev. J. Fred King, pastor of the First Methodist church, to officiate.

Pallbearers will be Leonard Kuhn, Gene Horner, Eugene Turner, William Reid, Lee Younce and George Rothganger.

Burial will be in Crown Hill cemetery.

W. R. Dickey Service

Funeral services for W. R. Dickey, of Ionia, who died at Bothwell hospital Saturday, were held Sunday afternoon at 3 o'clock at the Ionia Methodist church with the pastor, the Rev. Ava Pitchford, officiating.

"Abide With Me," "Beautiful Isle of Somewhere" and "Lead Me Gently Home, Father" were sung by a quartet composed of Mr. and Mrs. Harold Alcorn, Mrs. A. W. Sampy and Ralph Berry, accompanied by Mrs. Ralph Berry.

Pallbearers were: Harry Eickhoff, A. A. Mahnken, Max Riecke, M. C. Mathew, W. W. Howe and L. W. Ragar.

Interment was in Ionia cemetery.

Study Broader Phases of Bomb Leakage

OTTAWA, Feb. 19—(AP)— The Canadian cabinet in its regular meeting today was reported to have taken up broader phases of the government's investigation into the leakage of secret information which is said to have concerned atomic energy.

No authoritative information came from the cabinet council, however and the investigation primarily was in the hands of the Royal Canadian Mounted police.

Meanwhile, best available information indicated there was no connection between the investigation and the government probe into the Eldorado Gold Mines, Ltd., Canada's source of uranium.

For one thing, those arrested for making unauthorized deliveries from the Eldorado mine have been released on $5,000 bail, while suspects in the espionage case are being held incommunicado.

Russian Plot

The Montreal Gazette published a report stating that "a Russian plot, the buying of more than $500,000 worth of virtually 'black market' uranium in Canada to bring about the successful culmination of its atomic bomb espionage conspiracy in Ottawa and other parts of the dominion, has been uncovered."

"Toronto was the locale of the Russian scheme to obtain the necessary activating force to complete the circle begun by agents who conspired allegedly with Canadian civil service employes, to obtain secret and confidential information on atomic energy," the paper said.

'Coxey's Army' On Way to Washington

MASSILLON, O., Feb. 19—(AP)—A modern "Coxey's Army" of taxi cab drivers and their families headed for Washington today after an overnight stop in the home town of the man who headed a march from here to the capital in 1894.

The approximately 350 Chicago veterans, loaded in 148 cabs, will seek relief in Washington from a city ordinance limiting the number of Chicago cabs to 3,000, most of them controlled by two companies.

Edgar Sirles, president of the American Cab Drivers Association for discharged veterans, said they would put their case before the Department of Justice on grounds that control by the two companies constituted a monopoly.

"We are going to camp in Washington until we get satisfaction," the 26-year-old veteran asserted.

Sirles said they hoped to meet in Washington "General" Jacob S. Coxey, 91, who attracted attention when he led a group to the capital to bring grievances of the unemployed to Congress' attention. He attempted to speak from the steps of the capitol, was arrested and charged with trespassing.

Coxey is in Washington again today attempting to gain attention for his proposals for non-interest bearing government bonds, and Sirles said the cab drivers would be willing to have him serve as their spokesman.

K. of C. Forming Youth's Club

The Knights of Columbus held their regular meeting Monday night at the K. of C. hall. The Grand Knight, Frank Mehl, presided. Wrestling will be resumed again tonight at the State Guard armory under the sponsorship of the Pettis County Post No. 16, American Legion, and a good card is anticipated. The matches last week were called off due to the lack of good material, but tonight the wrestlers that Sedalia fans like to see in action will be on the card.

Larry Tillman of Muskogee, Oklahoma, the rubber ball of wrestling will appear in the semi-windup meeting Marshall Estepp, the wrestling "postmaster" from Sturgeon, who incidentally holds the junior heavyweight title. The match is a little on the revenge side as far as Estepp is concerned, because it was Tillman who whipped him in the last appearance in Sedalia during a team match.

Then as the opening or "salad" dish on the menu Jack "Gas House" Hader of Kansas City will clash with Dick Hacker of San Francisco, California. Hader is known as one of the "tough" boys of the ring.

The main event on the card is with wrestling's outstanding character Brother Jonathan, the wrestling minister of Ogden, Utah, who will meet Bobby Bruns, Chicago, Ill., former heavyweight title holder, recently discharged from the service after being in the navy for more than three years.

Handling the official affair in the ring will be Jimmy Parker of St. Joseph, Mo. Parker doesn't have any too much "love" for Jonathan and anything might happen tonight.

Records in The Big Six Shattered

By Skipper Patrick

KANSAS CITY, Feb. 19—(AP)—Big Six conference basketball records come at approximately ten cents a dozen this season.

The Iowa State Cyclones, champions for the last two seasons, are hanging on in the current race to cause miserable nights for the leading Kansas Jayhawks and runner-up Oklahoma Sooners, established a new high-point record for the second time this season by whipping last place Kansas State, 74-39, at Ames, Ia., last night.

The new record of 74 points was accomplished by the Iowa Staters without the services of Jim Stark, number four man in individual scoring, who was still nursing an injury sustained in the Missouri game last week end.

The new team scoring record set by Kansas against Nebraska last week, 72-30, fell mainly because eight Cyclones had their eyes on the basket. Bob Petersen, Iowa State guard, led the assault with 16 points, one more than teammate Ev Faunce was able to collect.

Dave Weatherby, second in individual scoring only to the great Charlie Black of the Kansas Jayhawks, was limited to three field goals for six points, one of his poorest nights of the season.

Iowa State's scoring total last night was the sixth alteration on the Big Six record book this season, half of them coming in the two Cyclone games with Kansas State.

In the first meeting at Manhattan, Kas., Jan. 5, forward Bill Schultz of Kansas State set a new free throw mark of 11 points, and on the same night Kansas State made a new team free throw record of 26 points.

Charlie Black of Kansas broke Schultz' free throw record by plunking in 12 charity tosses against Nebraska on January 11.

Nebraska's Cornhuskers were guilty of 31 personal fouls against Kansas January 11.

Iowa State is scheduled to turn its wrath on Oklahoma at Ames, Ia., Saturday night. A Cyclone victory would just about end Oklahoma's threat to the title.

Kansas State takes on non-conference Drake at Des Moines, Ia., tonight.

Stover Cops 1946 PCAA Tournament

Final Games of Both Basket and Volleyball Are With Cole Camp

Playing a heady game of basketball throughout, the Stover high school "Bulldogs", coached by Kenneth Kirchner, defeated the favored Cole Camp five by a score of 24 to 23 in the finals of the P. C. A. A. Basketball Tournament, last Saturday night in the Stover gymnasium. Using a modified zone defense, Howard, leading scorer for Cole Camp, was held to two points. The all-around floor play of Case, and the scoring of Martens featured the play of the Stover team, while Brockschmitt's play stood out for Cole Camp.

In the game for third and fourth place, played between Green Ridge and Warsaw, the Benton county team immerged the winner in a last quarter rally, by a score of 32 to 25. R. Freund led the scoring for Warsaw with 13 points, while Brown was high for Green Ridge with 7. Lincoln won the boys consolation by defeating Houstonia 41 to 21.

In the girls volleyball tournament played at the same time the Stover girls gained revenge for a defeat suffered last week at the Cole Camp tournament, by coming from behind to beat Cole Camp high school, 20 to 16. Thus, the Stover team won the P. C. A. A. championship by defeating the team which won the regular season's play P. C. A. A. championship. In the game for third place the Hughesville volleyball team failed to hold an early lead and lost to Lincoln by a score of 18 to 14. Smithton won the consolation by defeating Houstonia 42 to 29.

The results of the tournament as played by rounds are as follows:

Trade Session Last of Year

LONDON, Feb. 19.—(AP)—The United Nations Economic and Social Council, concluding its initial London session, has agreed to summon an international trade conference for the latter part of 1946 and to hold its next meeting in New York on May 25.

Last of the United nations bodies to adjourn, the council appointed committees last night to start work immediately on the trade conference, the refugee problem, control of narcotics, and relations with such specialized agencies as the world federation of trade unions, the American Federation of Labor and the International Cooperative Alliance.

Countries named on the committee to prepare for the trade conference, originally proposed by the United States, were Australia, Belgium, Luxembourg, Brazil, Canada, China, Cuba, Czechoslovakia, France, India, Netherlands, New Zealand, Peru, Poland, Great Britain, Russia, the United States, Yugoslavia, the Soviet Ukraine, Byelorussia and Colombia.

The trade conference would discuss reduction of trade barriers, establishment of an international trade organization and international plans for increased employment.

Discussion Of Tax Bill

JEFFERSON CITY, Feb. 19.—(AP)—A House committee was sifting today through the arguments against a bill it drafted to collect an eight per cent tax on the annual yield of intangible personal property.

A dozen or more speakers from Kansas City launched their blistering attack against the eight per cent levy in a public hearing last night, contending it would drive business and industry out of Missouri.

The bill puts a tax on the annual yield as required by the 1945 constitution instead of on the value of the intangibles as present laws provide.

Biggest point of contention was a provision the tax be levied against dividends of corporate stocks, which are not taxed as property under existing statutes.

NOTICE OF STOCKHOLDERS MEETING, COMMUNITY HOTEL CO., MARCH 4, 1946

Pursuant to resolution of the Board of Directors, notice is hereby given that a meeting of the stockholders of Community Hotel Co. of Sedalia, Missouri, will be held in the ambassador room, mezzanine floor, Hotel Bothwell, northeast corner 4th and Ohio Streets, Sedalia, Missouri on Monday the FOURTH DAY OF MARCH, 1946, beginning at nine o'clock A. M. for the following purpose: To consider the sale of all real estate owned by the corporation for a cash consideration of $230,000 and to take a vote of all stockholders (as required by Laws of Mo. 1943, p. 451) on whether or not the corporation, acting through its officers, shall or shall not sell all of its real estate for $230,000. Notice is further given that, as provided by said law, authorization to sell requires the affirmative vote of holders of at least three-fourths of the outstanding shares entitled to vote at said meeting (that is to say, before the corporation can sell all of its real estate, three-fourths of the shares must vote in favor of such sale) and therefore each and every shareholder is requested to vote at said meeting in person, or by proxy executed in writing by the shareholder, or by duly authorized attorney-in-fact. Dated at Sedalia, Missouri this 6th day of February, 1946.

J. E. CANNADAY, President.
D. S. LAMM, Secretary.

NOTICE OF PUBLIC HEARING (ZONING)

Whereas, the Zoning Board of Adjustment and Mayor and City Council of the City of Sedalia, Mo., have received application from Russell E. Peck, 1221 South Ohio, Sedalia, Mo., owner of Lots 27 and 28 in Block 7 of Broadway Heights Addition to the City of Sedalia, Mo. (Northeast corner of Ninth and Limit) requesting that said real estate be changed and rezoned from Zone A (one family district) to Zone J (Light Industrial District) and that said application be acted upon as provided in Ordnance No. 3034; therefore in compliance with Sections 7415 and 7416 R. S. Mo. 1939, other applicable statutes, and said Zoning Ordinance No. 3034, said Zoning Board will meet in the Council Chamber, City Hall Building, Sedalia, Mo., at 7:30 p. m. Tuesday February 26th, 1946 for the purpose of a public hearing in relation to said application to change the zone of and rezone said real estate, at which time and place parties in interest and citizens shall have an opportunity to be heard.

Dated at Sedalia, Mo., February 8, 1946.
Attest with Seal of said City:
CITY OF SEDALIA, MISSOURI,
By A. H. Wilks, Mayor.
Attest: (Seal)
Norman P. Mueller, City Clerk.

Wm. E. Cahill Is Released From Service

William E. Cahill, aviation machinist mate first class, was recently discharged from the United States Navy following three and a half years on active duty.

Cahill entered the navy August 30, 1942, went through aviation training courses at Cornell college, Mt. Vernon, Iowa; University of Georgia, Athens, Georgia; and Naval Air Station, Memphis, Tenn. In December of 1943 he was assigned for duty to Air Ferry Service Squadron One (VRS-1) of the Ferry Wing of the Naval Air Transport Service. VRS-1 is the squadron which throughout the war has serviced and maintained within the continental limits all naval aircraft on ferry to and from the theatres of war. In the past two years it has cared for some 80,000 planes. For this purpose it has detachments along the ferry route from coast to coast, and a small fleet of Douglas transports is used to fly the route, carrying equipment, personnel and parts for grounded aircraft from headquarters at Floyd Bennett Field, New York, to the detachments across country. Cahill during his tour of duty with the squadron was assigned to the crew of a Douglas transport making the New York-Fort Worth run. As plane captain it was his job to perform all engineering and maintenance duties for the plane commander and co-pilot of the plane.

Cahill is the son of Mr. and Mrs. C. E. Cahill, 507 East Fifth street. He expects on his release to return to his former employment with Transcontinental Western Airlines (TWA) at Kansas City, Missouri.

Neighborly Neighbors Club Meets

Mrs. Myron C. Harper was hostess and leader of the February meeting of the Neighborly Neighbors Extension club, opening the meeting by leading the club collect.

The health letter pertaining to immunizations was read, followed by a discussion. Mrs. Earl Johnson read Miss Amy Kelly's news letter.

Mrs. Sirel Todd, leader of the devotional service, read the 23rd Psalm.

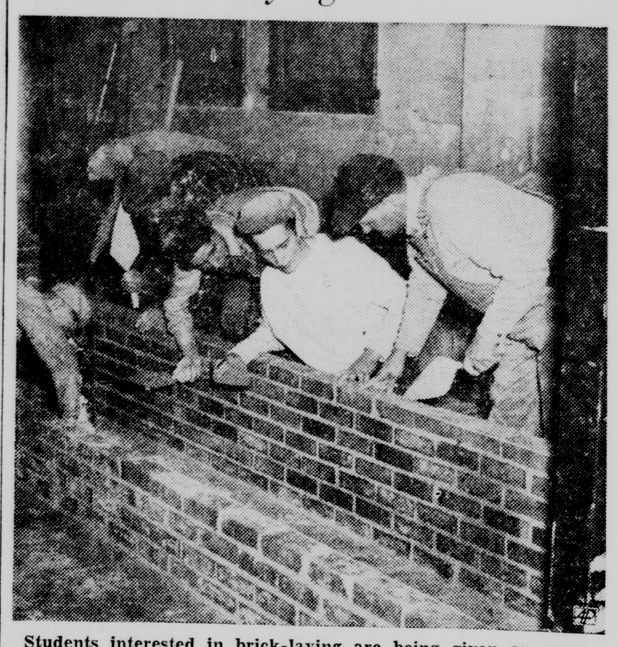

It was voted to contribute to the Student Loan fund and the Red Cross. Mrs. Todd volunteered to make cookies for the USO this month. The county library service and bookmobile were discussed, after which a letter from Mrs. Verdell Jennings, formerly of the neighborhood, was read.

Plans were completed for a Valentine party for children of Cartwright school. Mrs. Catherine Scott reviewed the book, "One Foot in Heaven," by Hartzell Spence. It was planned to make a scrapbook for Sedalia Army Air Field hospital.

Refreshments were served.

The March meeting will be held at the home of Mrs. Thomas Conaway.

Class in Bricklaying

Students interested in brick-laying are being given an opportunity to learn the trade at the Marshall, Mo., high school. Cement is eliminated from the mix so that on the completion of the course, the walls may be easily removed.

Talks Before Implement Men

Representatives of the local Firestone Tire and Rubber company attended a Farm Implement Dealers' meeting, sponsored by the company's Kansas City district office, at Hotel Bothwell Monday evening.

Dinner at 6:30 was followed by a business meeting in the Ambassador room.

All implement dealers of the surrounding territory had been invited to the meeting, which was conducted by two Kansas City leaders, F. H. Kronkwright, and K. J. Bailey, who gave brief talks.

Looking Backward

Forty Years Ago

The husbands and gentlemen friends of the members of the Tuesday Grand club will give the ladies a box party at the New Sedalia theater tonight to witness San Toy, and after the play the party will partake of luncheon at the Huckins.

Noah Rogers, the Lamine street shoemaker, yesterday exchanged the residence property, 720 North Grand avenue, for Walter C. Kemp's property, 709 West Third street, the latter gentleman receiving $300 to boot.

Odessa D. Sterling, of Warrensburg, appeared in piano recital last night, at the Central Presbyterian church in Sedalia, the recital being under the auspices of the Christian Endeavor society. His thorough musicianship was evident in three groups of selections, the first comprising the three movements of the Beethoven Waldstein sonata, the second a series of dainty modern compositions and the third four Chopin numbers.

Dr. E. A. Wood read an interesting paper, "Plea for More Attention to Detail in Diagnosing," at last night's meeting of the Pettis County Medical society.

Fritz Etzbach, the mail carrier, has returned from a visit in St. Louis and has resumed his duties as carrier.

Stiffening Of Chinese Policy

By Spencer Moosa

CHUNGKING, Feb. 19 —(AP)—Evident stiffening of Chinese policy in Manchuria Monday led observers to predict a "limit of endurance," beyond which the government would refuse to go to satisfy Russian demands.

This trend, disclosed in many ways but still not openly avowed, would allow for concessions to Russia in the field of "economic cooperation" but would balk at any clear infringement of Chinese sovereignty over that valuable but troubled heritage of Japan's surrender.

The general public remains very much in the dark about the exact nature of Russian demands, but rumors concerning Manchuria float on every breeze.

Separating fact from rumor shows these actualities:

The Russians still have forces in Manchuria, though the Feb. 1 deadline for their withdrawal is long past.

Chinese sovereignty has been restored only in a small segment of that huge region.

"The Russians have requested further "economic cooperation" in Manchuria, and discussions are in progress, although the Chinese-Soviet treaty of last August specified Russian control of Port Arthur, joint use of Dairen as a free port, and joint operation of certain railways.

The Chinese Communist demand recognition of a pro-Communist army in Manchuria which they say number 30,000.

Granted Liquor License

An original package liquor license was granted Leroy James, at the West Main street store, 209 West Main street, Monday by the Pettis county court. For six months, it will expire August 18.

Recommend Increase To Farm Equipment Workers

WASHINGTON, Feb. 19—(AP)—A federal fact-finding board Monday recommended an 18-cent hourly pay increase for 30,000 striking CIO-farm equipment workers of International Harvester Co.

A flat 10 per cent wage increase was recommended to be retroactive to Oct 1, 1945. The full 18-cents increase was recommended to beome effective upon resumption of operations in the 11 struck plants in Illinois, Indiana, New York and Iowa.

The settlement proposed is similar to that reached in the steel strike in that the retrocative pay issue was compromised.

CONSTIPATION
Hazardous in
BAD COLDS

Beware of sluggish elimination when you have a cold. If you are constipated you may be sure your intestines are retaining virus-laden mucus and other putrefactive waste matter. This condition may interfere with the treatment of the cold and lead to more serious complications.

Relieve this hazardous constipated condition promptly tonight with Calotabs. Calotabs are one of the most dependable of all intestinal eliminants. They pleasantly yet thoroughly act on every foot of the intestinal tract, thus helping to sweep out virus-laden mucus and other putrefactive material, enabling Nature to more effectively combat the cold. Get Calotabs from your druggist. Use only as directed on the labeling.

Take CALOTABS

Now is the time for a thorough car check-up. There's plenty of icy weather ahead—so make sure your car is performing at its best. Drive in for expert auto check-up and repair.

State Leads In Recruits

In Missouri 328 men joined the regular army during the week from February 1 through 7, making this state rank first in the Seventh Service Command, according to Capt. L. H. Metz, local army recruiting officer.

Capt. Metz gave the following reasons for the large number of enlistments: Opportunity to learn one or more of 200 skills or trades; benefits under the G. I. Bill of Rights, family allowances for dependents, retirement benefits, 20 per cent extra pay for overseas service, reduction in enlistment age from 18 to 17, and the best pay scale, medical care, food, quarters and clothing in the history of the army.

Army enlistments and re-enlistments have shown an increase, he said, but the rate must be maintained to meet the need for replacement of soldiers who are to be releasd.

All men interested in enlisting or re-enlisting in the Army may contact their Army Recruiter, Room 205, Sedalia postoffice.

Green Ridge Club Meeting

The February meeting of the Green Ridge Mutual Improvement club was held the afternoon of February 16 at the home of Dr. and Mrs. H. A. Hite. Mrs. Clarence Mahin was assisting hostess.

During the business session over which Mrs. Loy Smith presided, the club voted to sponsor the State Pilgrimage to Jefferson City April 5 for outstanding high school sophomores.

Mrs. Forrest L. Calvert of the citizenship department was in charge of the program, a discussion of current events, in which members of the club participated.

Guests were: Mrs. Floyd Smithpeter, Mrs. Gordon Welch and Mrs. Elburn Chaney.

Refreshments were served.

Nature is grand. Nature is wonderful. But for dependable natural gas service, more is required than the gas itself which nature supplies. Cities Service Gas Company furnishes this "extra"---the vital connecting link between the gas where it is produced and the communities and industries where it is used.

Nearly 5,000 miles of pipelines, with 26 compressor stations strategically located, are maintained by Cities Service Gas Company for this purpose. Tremendous gas reserves in gas fields drilled or being drilled, and in large underground storage areas, are operated by Cities Service to insure delivery of gas to meet constantly-changing market demands. Many well-trained, competent employees of the Cities Service Gas Company live in far-flung places, operating compressor stations, regulating pressures, and maintaining wells, pipelines, and other equipment.

All this and more goes to make up the Cities Service system which supplements nature to provide dependable natural gas service for homes, stores, and industries.
